

CUSTOM SHOPS

Instead of coordinating everyone's order and payments... let us do all that for you! We'll have to chat about what kinds of things you want (brands, styles, graphics, etc), but after that we'll take care of your group and make you the hero.

WE SET UP YOUR ONLINE SHOP

We'll create a beautiful and easy-to-use online shop for your group with all the brands, styles, colors, graphics, and screen printing/embroidery/digital fusion options you want.

About the online shop

- Creating an online shop is free.
- We set the prices in the shop though, depending on what style garment, quality of garment, and printing process is used. (Call us if you want to talk fundraisers)
- We can work within your guidelines, though. For example, if it's important for you to offer a \$10 t-shirt, we will make something in that price range for you.
- Don't worry, you'll get to take a look at the store before it goes live and approve everything that's up there.

YOU SEND THE LINK TO YOUR GROUP

When the online shop is good to go, you can share the link with your group members and give them a deadline to order.

THEY ORDER AND PAY ALL ONLINE

While the shop is open, each person can order what they want and pay with card, PayPal, Apple Pay, or Google Pay. We'll keep track of every order. You sit back and relax.

WE SEND YOU ALL THEIR GEAR

When the deadline is up, and we have all the orders, we'll get to work making your gear. We'll fold, sort, and label everything and get them to you ASAP so you can hand them out and be the hero.
